Survival of the Fittest

Platform Evolution

Supporting Intel LGA775 CPU on 800MHz FSB, dual-channel DDR400 SDRAM and the latest PCIe x16 interface, the T2-PH1 is an impeccable multi-task solution for the most demanding applications. With high-speed interface - USB 2.0, SATA, IEEE 1394 - you can efficiently transfers large data files and connect to various peripherals.

Music Enjoyment Evolution

Booting the system and entering the OS could take 40 seconds or more. ASUS Audio DJ allows users to enjoy music and radio without booting the system. Why wait when music is all you need.

Style Evolution

It's 50% smaller! The T2-PH1 is 50% smaller than standard ATX towers to free up desk space for files and picture frames, and provided a less cluttered working environment.

Graphics Evolution

The ASUS T2-PH1 effectively leverages onboard Intel GMA900 graphics and PCIe x16 interface to deliver sharp and real-time graphics for 3D games that utilize DirectX 9 and OpenGL 1.4. It also supports standalone graphics card if necessary.

Multimedia Evolution

The built-in 7-in-1 card reader supports the most widely used memory cards, including compact Flash I/II, Micro Drive , Memory Stick, Memory Stick Pro, Secure Digital, MultiMedia Card and Smart Media for sharing and recording multimedia content. Two IEEE 1394 ports (4-pin and 6-pin) speed up transfers of digital images while S/PDIF-out brings high-quality audio enjoyment.

Acoustic Evolution

ASUS Q-Fan automatically adjusts CPU fan speed based on system loading and temperature to ensure a quiet and distraction-free working environment at 29db under idle mode.

Recovery Pro - Unique ASUS Technology

Recovery Pro is an always available recovery tool. It stores user data, applications and the operating system in the host-protected area of the hard drive. Users can easily recover system to their original factory conditions or to a more recent state without restore CDs. No need to worry about losing data due to virus attacks.

AntiVirus Solution

PC CommsDesktop Systems understanding the importance of providing quality products bundles trusted AntiVirus software, which can automatically remove viruses and worms to best assure your data safety.

Audio DJ - Enjoy music without booting the system!
